SOUTH HOLLAND DISTRICT COUNCIL

STATEMENT OF PRINCIPLES – GAMBLING ACT 2005

Part A

1. The Licensing Objectives

- 1.1 In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Act. The licensing objectives are:
- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.
 - Ensuring that gambling is conducted in a fair and open way.
 - Protecting children and other vulnerable persons from being harmed or exploited by gambling.
- 1.2 It should be noted that the Gambling Commission has stated: “The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling”.
- 1.3 This licensing authority is aware that, as per Section 153, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it thinks fit:
- in accordance with any relevant code of practice issued by the Gambling Commission
 - in accordance with any relevant guidance issued by the Gambling Commission
 - Consistent with the licensing objectives and
 - in accordance with the authority’s Statement of Licensing Principles

2. Introduction

- 2.1 South Holland District Council, is situated in the county of Lincolnshire, which contains 7 district councils in total. The council area has a population of 82,600 making it the second smallest district in the County in terms of population. South Holland District covers a geographical area of 74,238 hectares and is situated in the South Eastern corner of Lincolnshire, also bordering the counties of Cambridgeshire and Norfolk. The District is mainly rural but comprises of a total of 47 towns and villages including the main town of Spalding.
- 2.2 The Licensing Authority has worked in partnership with the other councils in the county in preparing this statement of principles, which is based on the draft statement of principles guidance issued by the

Department of Culture, Media and Sport (DCMS), the Gambling Commission (the commission) and The Local Authorities Coordinators of Regulatory Services (LACORS).

- 2.3 The Licensing Authority recognises its duties to consider the impact of all its' functions and decisions on crime and disorder under the requirements of Section 17 of the Crime and Disorder Act 1998 in adopting this statement of principles. The council acknowledges the benefits to the community of properly regulating gambling in the district.
- 2.4 ~~The council are the licensing authority for the purpose of the Gambling Act 2005 and any subsequent regulations and guidance. Any such regulations will be consulted on in due course.~~
- 2.5 The Licensing Act 2003 provides the delegated and procedural arrangements for the establishment of licensing authorities.
- 2.6 Licensing committees established under Section 6 of the Licensing Act 2003 are also relevant committees for the purpose of gambling functions. Therefore, the same committee that deals with applications and other issues in relation to the Licensing Act 2003 will also be responsible for Premise Licence applications and other issues (i.e. permits) in relation to gambling.
- 2.7 The proceedings of the Licensing Committee are regulated by Section 9 of the 2003 Act (and regulations made under that section). Particular provision can be made for proceedings in relation to just the 2003 Act functions or just the 2005 Act functions. ~~Any such regulations will be consulted upon in due course.~~
- 2.8 The functions of the Licensing Authority under the Act may be carried out by the licensing committee, by a sub-committee or by one or more officers acting under delegated authority. Delegated powers shall be in accordance with the table at Appendix 1 of this document.
- 2.9 Licensing Authorities are required by the Gambling Act 2005 to publish a Statement of the Principles, which they propose to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed as required and any amended parts re-consulted upon, the statement must be then re-published.
- 2.10 The Licensing Authority consulted widely upon this Statement of Principles before finalising and publishing. A list of the persons consulted is provided, in Appendix 2. ~~It should be noted that unsolicited comments were received from other persons but we have not listed all of these.~~ ***The consultation took place between ... and ... 2009.***
- 2.11 The Gambling Act requires that the following parties be consulted by licensing authorities:

- The chief officer of police
 - One or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority's area
 - One or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005
- 2.12 ~~The consultation took place between 1 July 2006 and 30 September 2006. The authority followed the Revised Code of Practice (which came into effect in April 2004) and the Cabinet Office Guidance on consultations by the public sector. These documents are available via: <http://www.cabinetoffice.gov.uk/regulation/consultation/code/index.asp> <http://www.cabinetoffice.gov.uk/regulation/consultation/documents/pdf/code.pdf>~~
- 2.13 The statement of principles was submitted for approval at a meeting of the Licensing Committee on ... **2009** and subsequently will be submitted for approval at a meeting of the full council. It will be published via the council's website, ~~shortly after that meeting~~. Copies of the statement of principles ~~were placed in the public libraries of the area as well as being~~ will be available from the Council Offices at Priory Road, Spalding.
- 2.14 Should you have any comments as regards this Statement of Principles please send them via e-mail or letter to the following contact:

The Licensing Team, South Holland District Council, Priory Road, Spalding, Lincolnshire, PE11 2XE
 E-mail: Licensing@sholland.gov.uk or telephone 01775 761161.

- 2.15 It should be noted that this Statement of Principles will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

Further information is available on the council's website www.sholland.gov.uk.

3. Declaration

- 3.1 In producing the *final* statement, the licensing authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on this Statement of Principles.

4. Responsible Authorities

- 4.1 The Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under section 157(h) of

the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm. The principles are:

- The need for the body to be responsible for an area covering the whole of the licensing authority's area;
- The need for the body to be answerable to democratically elected persons, rather than any particular vested interest group; and
- ***That this body is experienced in dealing with the protection of children***

In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Lincolnshire Safe Guarding Children's Board for this purpose.

5. Interested parties

5.1 Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Gambling Act 2005 as follows:

"For the purposes of this part a person is an interested party in relation to an application for or in respect of a Premises Licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person-

- a) Lives sufficiently close to the premises to be likely to be affected by the authorised activities,
- b) Has business interests that might be affected by the authorised activities, or
- c) Represents persons who satisfy paragraph (a) or (b) e.g. members of parliament and ward councillors".

5.2 ***Principles of determining Interested Parties:*** The Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party. ~~The principles are: to be confirmed by statutory regulations when passed by Parliament.~~

5.3 ***The Licensing Authority, in determining whether a person is an interested party, will consider each case on its merits. The Authority will not apply a rigid rule to its decision making. In reaching its decision, the Licensing Authority will consider factors such as the likelihood of the person/business being affected by the licensable activities at the premises as well as the geographical proximity. Larger premises may affect people over a broader geographical area than smaller premises offering the same facilities.***

“Business interests” will be given its widest possible interpretation and may include partnerships, charities, faith groups and medical practices.

Interested parties can be people who are democratically elected such as councillors and MPs. This will include county, borough and parish councillors providing they represent the ward likely to be affected. Other than these persons, the Licensing Authority will require written evidence that a person ‘represents’ someone who either lives sufficiently close to the premises likely to be affected by the authorised activity/activities and/or business interest that might be affected by the authorised activity/activities. A letter from one of these persons requesting the representation is sufficient.

- 5.3 ~~Each case will be decided upon its merits. The Authority will not apply a rigid rule to its decision-making. It will consider the examples of considerations provided in the Gambling Commission’s Guidance for local authorities at 8.14 and 8.15. The Authority will also consider the Gambling Commission’s Guidance that “has business interests” should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.~~
- 5.4 ~~The Gambling Commission recommended in its Guidance that the licensing authority states that interested parties include trade associations and trade unions, and residents’ and tenants’ associations (Gambling Commission guidance for local authorities 8.17). It is understood that the Gambling Commission has subsequently stated that this is a mistake in its Guidance which will be rectified and noted on its website. However, this authority emphasises that it will not generally view these bodies as interested parties unless they have a member who can be classed as an interested person under the terms of the Gambling Act 2005 i.e. lives sufficiently close to the premises to be likely to be affected by the activities being applied for.~~
- 5.5 ~~Interested parties can be persons who are democratically elected such as councillors and members of parliament. No specific evidence of being asked to represent an interested person will be required as long as the Councillor or Member of Parliament represents the ward likely to be affected. Likewise, parish councils likely to be affected, will be considered to be interested parties. Other than these however, this authority will require written evidence that a person/body (e.g. an advocate / relative) ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.~~
- 5.6 If individuals wish to approach councillors to ask them to represent their views then care should be taken that the councillors are not part of the licensing committee dealing with the licence application. If there

are any doubts then please contact the licensing department on 01775 761161 /email:licensing@sholland.gov.uk.
Or contact Legal and Member Services on 01775 761161

6. Exchange of Information

- 6.1 *The Licensing Authority may share information received in the exercise of its functions with the Gambling Commission, a responsible authority as defined by the Act, a constable or police force, an authorised officer of another Licensing Authority, Her Majesty's Commissioners of Customs & Excise, The Gambling Appeal Tribunal, The National Lottery Commission or the Secretary of State.***
- 6.2 *The Licensing Authority will act in accordance with the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened.***
- 6.3 *The Licensing Authority will also have regard to any Guidance issued by the Gambling Commission to Local Authorities as well as any relevant regulations issued by the Secretary of State under powers provided in the Gambling Act 2005.***
- 6.4 *The Licensing Authority will inform the Gambling Commission without delay if:***
- *Information that causes the Licensing Authority to question the suitability of a person or business holding or applying to hold an operating licence is received.***
 - *There are persistent or serious disorder problems that an operator could or should do more to prevent, so that the Commission may consider the continuing suitability of the operator to hold an Operating Licence.***
 - *If it comes to the Licensing Authority's attention that alcohol-licensed premises, clubs or institutes are playing bingo during the course of a week which involves significant stakes and prizes that that make it possible that £2,000 in seven days is being exceeded.***
 - *Any other reasonable and relevant information that the Licensing Authority is of the opinion the Gambling Commission should be made aware of.***
- ~~6.1 Licensing authorities are required to include in their statements the principles to be applied by the authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission, and the functions under section 350 of the Act with the respect to the exchange~~

~~of information between it and the other persons listed in Schedule 6 to the Act.~~

- ~~6.2 The principle that the licensing authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened. The licensing authority will also have regard to any Guidance issued by the Gambling Commission for local authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.~~
- 6.3 Should any protocols be established as regards information exchange with other bodies then they will be made available. ~~Discussions with the Gambling Commission and LACORS as regards information exchange between the commission and local authorities are, at the time of writing, at an early stage.~~
- 6.5 The council is a signatory to the joint protocol on information exchange under the provisions of Section 115 of the Crime and Disorder Act 1998 with the Lincolnshire Police and the Lincolnshire County Council. The council will seek to use that provision as appropriate.

7. Enforcement and Inspection

- 7.1 Licensing authorities are required by regulation under the Gambling Act 2005 to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to instigate criminal proceedings in respect of the offences specified.
- 7.2 The Licensing Authority's principles are that:
- It will be guided by the Gambling Commission's Guidance for local authorities and it will endeavour to be:
- Proportionate: regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
 - Accountable: regulators must be able to justify decisions, and be subject to public scrutiny;
 - Consistent: rules and standards must be consistent and implemented fairly;
 - Transparent: regulators should be open, and keep regulations simple and user friendly; and
 - Targeted: regulation should be focused on the problem, and minimise side effects
- 7.3 As per the Gambling Commission's Guidance for local authorities. The licensing authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

- 7.4 ~~The licensing authority will also, as recommended by the Gambling Commission's Guidance for local authorities, adopt a risk-based inspection programme. Whilst the Gambling Commission's Guidance suggests that the criteria the authority will utilise in this respect are included in this statement, this has not been possible. At the time of writing, the Gambling Commission had not published its risk criteria. Regulations are not made, or mandatory or default conditions published, nor Codes of Practice. LACORS is working with the Gambling Commission to produce a risk model for premises licences and this authority will consider that model once it is made available.~~
- 7.5 ***The Licensing Authority will implement a risk-based inspection programme on a multi agency basis, based on;***
- ***The Licensing Objectives***
 - ***Relevant codes of practice***
 - ***Guidance issued by the Gambling Commission, in particular at Part 36***
 - ***The principles set out in this statement of licensing policy.***
- 7.6 The main enforcement and compliance role for the licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.
- 7.7 This Licensing Authority carries out risk based regular operations with other agencies including the Gambling Commission and the Police to ensure the objectives are being promoted. This includes test purchasing operations to ensure children and the vulnerable are being protected where required.
- 7.8 As a general rule the licensing authority will consider formal action where there is evidence that the Licensing Objectives are being adversely affected.
- 7.9 Premises licence holders are advised that where following the receipt of a warning or warnings in relation to a Premises Licence breach or breaches, an operator subsequently breaches the licence conditions, the Licensing Authority will seek to review the premises licence.
- 7.10 The licensing authority ~~will also keep itself~~ ***keeps itself*** informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities.
- 7.11 In considering enforcement action, the Licensing Authority will bear in mind the Human Rights Act, in particular:

- Article 1, Protocol 1 – peaceful enjoyment of possessions
- Article 6 – right to a fair hearing
- Article 8 – respect for private and family life
- Article 10 – right to freedom of expression

7.7 ~~Bearing in mind the principle of transparency, the licensing authority's enforcement/compliance protocols/written agreements will be available. Requests should be made to the licensing section at South Holland District Council, Priory Road, Spalding. Tel: 01775 761161~~

7.8 ~~The licensing authority recognises that certain bookmakers have a number of premises within its area. In order to ensure that any compliance issues are recognised and resolved at the earliest stage, operators are requested to give the licensing authority a single named point of contact, who should be a senior individual and whom the licensing authority will contact first should any compliance queries or issues arise.~~

8. Licensing Authority functions

8.1 ***South Holland District Council as the licensing authority is responsible for the licensing of premises and the issue of permits and authorisations under the Gambling Act 2005. The Authority's main functions under the 2005 Act are:*** ~~The licensing authority is required under the Act to:~~

- Issue Provisional Statements
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits

- 8.2 This Policy (Statement of Principles) is intended to provide clarity to applicants, interested parties and responsible authorities on how this Licensing Authority will determine applications. Guidance is available to assist applicants: the aforementioned guidance does not form part of this Policy.
- 8.2 ~~It should be noted that local licensing authorities would not be involved in licensing remote gambling at all. This will fall to the Gambling Commission via operating licences.~~

Part B

Premises licences

1. General Principles

- 1.1 Premises licences ~~will be~~ **are** subject to the requirements set out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions, ~~which will be~~ detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

The Licensing Authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it:

- In accordance with any relevant code of practice issued by the Gambling Commission
 - In accordance with any relevant guidance issued by the Gambling Commission
 - Reasonably consistent with the licensing objectives and
 - In accordance with the authority's statement of licensing statement of principles
- 1.2 It is appreciated that as per the Gambling Commission's Guidance for local authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" and also that unmet demand is not a criterion for a licensing authority.
- 1.3 Premises Licences authorise the provision of gambling facilities on the following:

- Casino premises
- Bingo premises
- Betting premises (including race tracks used by betting intermediaries)
- Adult Gaming Centres (AGCs)
- Family Entertainment Centres (FECs)

1.4 **Definition of “premises”** - Premises is defined in the Act as “any place”. Different premises licences cannot apply in respect of a single premises at different times. However, it is possible for a single building to be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. ***This approach has been taken to allow large, multiple unit premises such as a pleasure park, track or shopping mall to obtain discrete premises licences, where appropriate safeguards are in place.*** Whether different parts of a building can properly be regarded as being separate premises will always be a question of fact in the circumstances. However, the Gambling Commission does not consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises. ***However, the Licensing Authority will pay particular attention if there are issues about sub-division of a single building or plot and will ensure that mandatory conditions relating to access between premises are observed and each case should be judged on its individual merits.***

1.5 ***The Gambling Commission states in its guidance to Licensing Authorities that “in most cases the expectation is that a single building/plot will be the subject of an application for a licence, for example, 32 High Street. That does not mean that 32 High Street cannot be the subject of separate premises licences for the basement and ground floor, if they are configured acceptably. Whether different parts of a building can properly be regarded as being separate premises will depend on the circumstances. The location of the premises will clearly be an important consideration and the suitability of the division is likely to be a matter for discussion between the operator and the licensing officer. However, the commission does not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partitions, can be properly regarded as different premises”***

This licensing authority takes particular note of the Gambling Commission’s Guidance for local authorities which states that:

Licensing Authorities should take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be ***aware of the following***. ~~that entrances and exits from parts of a building covered by one or more licences should be separate and identifiable so that the separation of different premises~~

~~is not compromised and that people do not 'drift' into a gambling area.~~

- ***The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating***
- ***Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not 'drift' into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.***
- ***Customers should be able to participate in the activity named on the premises licence.***

1.6 The Guidance also gives a list of factors which the licensing authority should be aware of, which may include:

- ***Do the premises have a separate registration for business rates***
- ***Is the premises' neighbouring premises owned by the same person or someone else?***
- ***Can each of the premises be accessed from the street or a public place?***
- ***Can the premises only be accessed from any other gambling premises?***

The Licensing Authority will consider these and other relevant factors in making its decision depending on all the circumstances of the case.

1.7 The Gambling Commission's relevant access provisions for each premises type are reproduced below:

Casinos

- ***The principal access entrance to the premises must be from a street (as defined at 7.23 of the Guidance)***
- ***No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons***
- ***No Customer must be able to enter a casino directly from any other premises which holds a gambling premises licence***

Adult Gaming Centre

- ***No customer must be able to access the premises directly***

from any other licensed gambling premises

Betting Shops

- ***Access must be from a street (as per para 7.23 Guidance to Licensing Authorities) or from another premises with a betting premises licence.***
- ***No direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind and you could not have a betting shop at the back of a café – the whole area would have to be licensed.***

Tracks

- ***No customer should be able to access the premises directly from:***
 - ***A casino***
 - ***An adult gaming centre***

Bingo premises

- ***No customer should be able to access the premises directly from***
 - ***A casino***
 - ***An adult gaming centre***
 - ***A betting premises, other than a track***

Family Entertainment Centre

- ***No customer must be able to access the premises directly from***
 - ***A casino***
 - ***An adult gaming centre***
 - ***A betting premises, other than a track***

Part 7 of the Gambling Commission's Guidance to Licensing Authorities contains further guidance on this issue, which this authority will also take into account in its decision making.

~~• licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as a whole, the co-location of the licensed~~

~~premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.~~

~~It should also be noted that an applicant cannot obtain a full premises licence until the premises in which it is proposed to offer the gambling are constructed. The Gambling Commission has advised that reference to "the premises" are to the premises in which gambling may now take place. Thus a licence to use premises for gambling will only be issued in relation to premises that are ready to be used for gambling. This authority agrees with the Gambling Commission that it is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence. The Gambling Commission emphasises that requiring the building to be complete ensure that the authority can, if necessary, inspect it fully, as can other responsible authorities with inspection rights.~~

- 1.8 *Premises 'ready for gambling' – The Gambling Commission's Guidance to Local Authorities states that a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of the building or alterations required before the premises are brought into use.***
- 1.9 *In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at the premises, this authority will determine applications on their merits, applying a two stage consideration process;***
- *First, whether the premises ought to be permitted to be used for gambling***
 - *Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.***
- 1.10 *If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement can be made instead.***
- 1.11 *Applicants should note that this authority is entitled to decide that it is appropriate to grant a licence subject to condition, but it is not obliged to grant such a licence.***
- 1.12 *More detailed example of the circumstances in which such a licence may be granted can be found at paragraphs 7.59-7.66 of the Gambling Commissions Guidance.***

- 1.13 **Location** - The licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can **are relevant to its decision making**. As per the Gambling Commission's guidance for licensing authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific statement of principles be decided upon as regards areas where gambling premises should not be located, this statement will be updated. It should be noted that any such statement does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.
- 1.14 **Planning – The Gambling Commission Guidance to Licensing Authorities states: “In determining applications the Licensing Authority has a duty to take into consideration all relevant matters and not take into consideration any irrelevant matter. I.e. those not related to gambling and the licensing objectives. One example of an irrelevant factor would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal.**
- 1.15 **This authority will not take into account any irrelevant matters as per the above Guidance. In addition this authority notes the following excerpt from the Guidance.**
- “When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under the relevant planning control and building regulation powers and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents Licensing Authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building”.**
- 1.16 **Duplication with other regulatory regimes** - The licensing authority will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. The authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though listen to, and consider carefully, any concerns about conditions, which cannot be met by licensees due to planning restrictions, should such a situation arise. It is for the applicant to ensure that any other statutory requirements are complied with.

- 1.17 In cases where an application for a transfer of a licence from one premises to another close by with some increase in the size of the customer area, the licensing authority may conclude that the grant of a transfer would not be inexpedient. This would be subject to ensuring that the regulations once published and other statutory regulations have been complied with.
- 1.18 *When dealing with a premises licence application for finished buildings, this authority will not take into account whether those buildings have to comply with the necessary planning or building consents. Fire or health and safety risks will not be taken into account, as these matters are dealt with under relevant planning control, buildings and other regulations and must not form part of the consideration for the premises licence.***
- 1.19 **Licensing objectives** - Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, the licensing authority has considered the Gambling Commission's Guidance to Licensing Authorities and some comments are made below.
- 1.20 **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime** – This licensing authority is aware that the Gambling Commission will be taking a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance does however envisage that licensing authorities should pay attention to the proposed location of gambling premises in terms of this licensing objective. Thus, where an area has known high levels of organised crime this authority will consider carefully whether gambling premises are suitable to be located there and whether conditions may be suitable such as the provision of door supervisors. This licensing authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction.
- 1.21 **Ensuring that gambling is conducted in a fair and open way** - This licensing authority has noted that the Gambling Commission has stated that it would not expect Licensing Authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences. There is however, more of a role with regard to tracks which is explained in more detail in the 'tracks' section below – **page 25**).
- 1.22 **Protecting children and other vulnerable persons from being harmed or exploited by gambling** - This Licensing Authority has noted the Gambling Commission's Guidance for Licensing Authorities states that this objective means preventing children from taking part in gambling (as well as restriction of advertising so that gambling

products are not aimed at or are, particularly attractive to children). The licensing authority will therefore consider, as suggested in the Gambling Commission's Guidance, whether specific measures are required at particular premises, with regard to this licensing objective. Appropriate measures may include supervision of entrances / machines, segregation of areas etc.

This licensing authority ~~will also make itself aware of the Codes of Practice which the Gambling Commission issues~~ **is also aware of the Gambling Commission Codes of Practice** as regards this licensing objective, in relation to specific premises. ~~such as casinos.~~

As regards the term “vulnerable persons” it is noted that the Gambling Commission ~~is not seeking~~ **does not seek** to offer a definition but states that “it will for regulatory purposes assume that this group includes people who gamble more than they want to; people who are gambling beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.” This Licensing Authority will consider this licensing objective on a case by case basis. ~~Should a practical definition prove possible in future then this policy statement will be updated, by way of a revision.~~

1.23 **Conditions** - Any conditions attached to licences will be proportionate and will be:

- Relevant to the need to make the proposed building suitable as a gambling facility
- Directly related to the premises and the type of licence applied for;
- Fairly and reasonably related to the scale and type of premises: and
- Reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of control measures the Licensing Authority will consider utilising should there be a perceived need, such as the use of door supervisors and appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. The Licensing Authority will also expect the licence applicant to offer his/her own suggestions as to ways in which the licensing objectives can be met effectively.

This Licensing Authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

These considerations will apply to premises including buildings where multiple premises licences are applicable.

This Licensing Authority is aware that tracks may be subject to one or more than one Premises Licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

It is noted that there are conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated); and
- Conditions in relation to stakes, fees, winning or prizes.

~~1.24 **Door Supervisors** - The Gambling Commission advises in its Guidance for local authorities that licensing authorities may consider whether there is a need for door supervisors in terms of the licensing objectives of protection of children and vulnerable persons from being harmed or exploited by gambling, and also in terms of preventing premises becoming a source of crime.~~

~~1.13 Where operators and licensing authorities decide that supervision of entrances/machines is appropriate for particular cases, it will need to~~

~~be decided whether these need to be SIA licensed or not. It will not be automatically assumed that they need to be.~~

If there are concerns that premises may attract disorder or be subject to unauthorised access by children and young persons, then the Licensing Authority may require that Door Supervisors control entrances to the premises. The Licensing Authority recognises that each premises application shall be treated on its own merit. In addition, the Licensing Authority shall take into account the previous trading history of the type of premises proposed and that any decision shall be necessary and proportionate.

1.25 Where door supervisors are imposed as a condition on a Premises Licence (except casino or bingo premises), Section 178 of the 2005 Act requires that any person employed in that capacity will hold a relevant licence issued by the Security Industry Authority (SIA).

~~1.14 Conditions relating to door supervisors will only be applied where this is considered necessary and this will be proportional.~~

2. Adult Gaming Centres

2.1 The Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises.

2.2 The Licensing Authority may consider measures to meet the licensing objectives, such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas (eg use of door supervisors)
- Physical separation of areas
- Location of entry
- Notices / signage (including the statutory requirement in relation to the display of GamCare stickers)
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

- 2.3 The Licensing Authority will expect applicants to adopt an approved proof of age scheme (such as Challenge 21/25), for staff to be suitably trained and aware of the gambling laws, social responsibility and statutory requirements relating to age restrictions.**

3. Licensed Family Entertainment Centres

- 3.1 The licensing authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas. **Children and young persons are permitted to enter an FEC and may play on Category D machines. They are not permitted to play on Category C machines, and it is a requirement that there is clear segregation between the two types of machine, to prevent access by children and young persons to Category C machines**

- 3.2 This licensing authority may consider measures to meet the licensing objectives, such as:

- CCTV
- Supervision of entrances / machine areas (eg use of door supervisors)
- Physical separation of areas
- Location of entry
- Notices / signage (including the statutory requirement for GamCare stickers)
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures

- 3.3 The licensing authority will, as per the Gambling Commission's guidance, refer to the Commission's website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. ~~The licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.~~

4. Casinos

- 4.1 **No Casinos resolution** – Full council has not passed a ‘no casino’ resolution under Section 166 of the Gambling Act 2005, but is aware that it has the power to do so. Should the licensing authority decide in the future to pass such a resolution, it will update this statement of principles with details of that resolution. Any such resolution will be made by the Full Council.
- 4.2 ~~**Casinos and competitive bidding**~~ – The licensing authority is aware that where a licensing authority area is enabled to grant a premises licence for a new style casino (i.e. the Secretary of State has made such regulations under Section 175 of the Gambling Act 2005) there are likely to be a number of operators which will want to run the casino. In such situations the local authority will run a ‘competition’ under Schedule 9 of the Gambling Act 2005. The licensing authority will run such a competition in line with any regulations/codes of practice issued under the Gambling Act 2005
- 4.3 ~~**Licence considerations / conditions**~~ – The Gambling Commission has stated that "further guidance will be issued in due course about the particular issues that licensing authorities should take into account in relation to the suitability and layout of casino premises" (Gambling Commission Guidance for local authorities – 17.30) This guidance will be considered by this licensing authority when it is made available.
- 4.4 ~~**Betting machines**~~ – This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person to person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

5. Bingo premises

- 5.1 This licensing authority notes that the Gambling Commission's Guidance states:

~~18.4~~ – It is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted licensing authorities should ensure that:

(Para 18.4) Licensing authorities will need to satisfy themselves that bingo can be played in any bingo premises for which they issue a licence. There will be a relevant consideration where the operator of an existing bingo premises applies to vary their licence to exclude an area of the existing premises from its ambit

and then applies for a new premises licence or multiple licence, for that or those excluded areas.

- 5.2 This authority also notes the Guidance at paragraph 18.8 regarding the unusual circumstances in which the splitting of a pre-existing premises into two adjacent premises might be permitted, and in particular that it is not permissible to locate sixteen category B3 gaming machines in one of the resulting premises, as the gaming machine entitlement for that premises would be exceeded.**
- 5.3 (Para 18.7) Children and young persons are allowed into bingo premises; however they are not permitted to participate in the bingo and if Category B and C machines are made available for use these must be separated from areas where children and young people are allowed.**
- 5.4 In accordance with the Gambling Commission's Guidance, the Licensing Authority recognises that it is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on Category D machines. Where Category C or above machines are available in the bingo premises to which children are admitted, the Licensing Authority will seek to ensure that:**
- all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
 - only adults are admitted to the area where the machines are located;
 - access to the area where the machines are located is supervised;
 - the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder; and
 - at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.
- ~~5.2 This licensing authority is also aware that the Gambling Commission has stated that it is going to issue further guidance about the particular issues that licensing authorities should take into account in relation to the suitability and layout of bingo premises. This guidance will be considered by this licensing authority once it is made available.~~
- 5.5 Where Bingo is provided in alcohol-licensed premises and it reaches a certain threshold, it will no longer be authorised as equal chance gaming and a Bingo Operating Licence will need to be obtained from the Gambling Commission. The aim of this provision is to prevent bingo becoming a predominant commercial activity on such non-gambling premises.**

6. Betting premises

- 6.1 ***The Licensing Authority is responsible for issuing and monitoring Premises Licences for all betting premises. Children and young persons are not permitted entry to a premise with a Betting Premises Licence. They may, however, be permitted entry to tracks and special rules will apply. The Licensing Authority recommends that an applicant for gaming machines in betting premises considers carefully the location of betting machines to ensure that they are not in sight of the entrance of the premises.***
- 6.2 **Betting machines** This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.
- 6.3 The licensing authority will however consider only putting a limit on the number of machines only where there is clear evidence that such machines have been or are likely to be used in breach of the licensing objectives. Where there is such evidence, this authority may consider, when reviewing the licence, the ability of staff to monitor the use of such machines from the counter.

7. Tracks

- 7.1 Note there are currently no tracks operating in the district, however this statement of principles contains provision for the event of such a premise.
- 7.2 This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.
- 7.3 This authority will therefore expect the premises licence applicant to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided.

7.4 This licensing authority may consider measures to meet the licensing objectives, such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage (including the statutory requirement for GamCare stickers)
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

~~7.5 **Gaming machines** - Further guidance from the Gambling Commission is awaited as regards where such machines may be located on tracks and any special considerations that should apply in relation, for example, to supervision of the machines and preventing children from playing them. This licensing authority notes the Commission's Guidance that licensing authorities therefore need to consider the location of gaming machines at tracks, and applications for track premises licences will need to demonstrate that, where the applicant holds a pool betting operating licence and is going to use his entitlement to four gaming machines, these machines are located in areas from which children are excluded. Children and young persons are not prohibited from playing category D gaming machines on a track.~~

7.5 ***Gaming machines – Where the applicant holds a pool betting operating licence and is going to use the entitlement to four gaming machines, machines (other than category D machines) should be located in areas from which children are excluded***

7.6 **Betting machines** - This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. ~~It will also take note of the Gambling Commission's suggestion that licensing authorities will want to consider restricting the number and location of such machines in respect of applications for track betting premises licences.~~

~~7.7 **Condition on rules being displayed** - The Gambling Commission has advised in its Guidance for local authorities that "...licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near~~

the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race card or made available in leaflet form from the track office."

~~7.8 Applications and plans~~ — This licensing authority awaits regulations setting out any specific requirements for applications for premises licences but notes the Gambling Commission's suggestion that "To ensure that licensing authorities gain a proper understanding of what they are being asked to license they should, in their licensing policies, set out the information that they will require, which should include detailed plans for the racetrack itself and the area that will be used for temporary "on-course" betting facilities (often known as the "betting ring") and in the case of dog tracks and horse racecourses fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities" and that "Plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence."

~~7.9~~ — This licensing authority also notes that in the Commission's view, it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises.

7.7 ***Applications and plans – The Gambling Act (s51) requires applicants to submit plans of the premises with their application, in order to ensure that the licensing authority has the necessary information to make an informed judgement about whether the premises are fit for gambling. The plan will also be used for the Licensing Authority to plan future premises inspection activity. (See the Guidance to Licensing Authorities, para 20.28)***

7.8 ***Plans for tracks do not need to be in a particular scale, but should be drawn to scale and should be sufficiently detailed to include the information required by regulations. (See Guidance to Licensing Authorities, para 20.29)***

7.9 ***Some tracks may be situated on agricultural land where the perimeter is not defined by virtue of an outer wall or fence, such as point-to-point racetracks. In such circumstances, where an entry fee is levied, track premises licence holders may erect temporary structures to restrict access to premises (See Guidance to Licensing Authorities, para 20.31).***

7.10 ***In the rare cases where the outer perimeter cannot be defined, it is likely that the track in question will not be specifically designed for the frequent holding of sporting events or races. In such cases betting facilities may be better provided through occasional***

use notices where the boundary premises do not need to be defines (See Guidance to Licensing Authorities, para 20.32)

- 7.11** *This authority appreciates that it is sometimes difficult to define the precise location of betting areas on tracks. The precise location of where betting facilities are provided is not required to be shown on track plans, both by virtue of the fact that betting is permitted anywhere on the premises and because of the difficulties associated with pinpointing exact locations for some types of track. Applicants should provide sufficient information that this authority can satisfy itself that the plan indicates the main areas where betting might take place. For racecourses in particular, any betting area subject to the “five times rule” (commonly known as betting rings) must be indicated on the plan (see Guidance to Licensing Authorities para 20.33)*

8. Travelling Fairs

- 8.1 ~~It will fall to the licensing authority to decide whether, **This Licensing Authority is responsible for deciding whether** where category D machines and / or equal chance prize gaming without a permit are to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.~~
- 8.2 ~~The Licensing Authority will also consider whether the applicant falls within the statutory definition of a travelling fair as defined by the Gambling Commissions guidance to licensing authorities. The authority will determine on each occasion whether gambling without a permit can be made available, but subject to the legal requirements in the way gaming machines operate.~~
- 8.3 ~~It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year, **applies on a calendar year basis** and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. The licensing authority will work with its neighbouring authorities to ensure that land, which crosses our boundaries, is monitored so that the statutory limits are not exceeded.~~

9. Provisional Statements

- 9.1 ~~The licensing authority notes the Guidance for the Gambling Commission which states that “It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence” and that “Requiring the building to be complete ensures that the authority could, if necessary, inspect it fully”.~~
- 9.1** *Developers may wish to apply to this authority for provisional statements before entering into a contract to buy or lease*

property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.

9.2 Section 204 of the Gambling Act provides for a person to make an application to the Licensing Authority for a provisional statement in respect of premises that he or she:

- ***Expects to be constructed;***
- ***Expects to be altered; or***
- ***Expects to acquire a right to occupy.***

9.3 The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible Authorities and Interested Parties may make representations and there are rights of appeal.

9.4 In contrast to the premises licence application, the applicant does not have to hold or have applied for an operating licence from the Gambling Commission (except in the case of a track) and they do not have to have a right to occupy the premises in respect of which their provisional application is made.

9.5 The holder of the provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The Licensing Authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:

- ***They concern matters which could not have been addressed at the provisional statement stage, or***
- ***They reflect a change in the applicant's circumstances.***

9.6 In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- ***Which could not have been raised by objectors at the provisional statement stage;***
- ***Which in the authority's opinion reflect a change in the operator's circumstances;***
- ***A material change in the application; or***
- ***Where the premises have not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this***

Licensing Authority notes that it can discuss any concerns it has with the applicant before making a decision.

9.2 ~~In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:~~

- ~~a) Which could not have been raised by objectors at the provisional licence stage; or~~
- ~~b) Which is in the authority's opinion reflect a change in the operator's circumstances.~~

~~This authority has noted the Gambling Commission's Guidance that "A licensing authority should not take into account irrelevant matters. One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for the proposal."~~

10. Reviews

10.1 ~~Requests for a review of a premises licence can be made by interested parties or responsible authorities, however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below: as well as consideration as to whether the request is frivolous or vexatious. This will certainly not cause this authority to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.~~

- ~~• in accordance with any relevant code of practice issued by the Gambling Commission;~~
- ~~• in accordance with any relevant guidance issued by the Gambling Commission;~~
- ~~• reasonably consistent with the licensing objectives; and~~
- ~~• in accordance with the authority's statement of licensing policy.~~

10.2 *The request for the review will also be subject to the consideration by the authority as to whether the request is frivolous, vexatious or whether it will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review*

10.2 ~~The licensing authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate.~~

- 10.3** *The Licensing Authority can also initiate a review of a particular premises licence, or a particular class of premises licence on the basis of any reason which it thinks appropriate.*
- 10.4** *Once a valid application for review has been received by the licensing authority, representations can be made by responsible authorities and interested parties during a 28 day period. This period begins 7 days after the application was received by the Licensing Authority, who will publish notice of the application within 7 days of receipt.*
- 10.5** *The Licensing Authority must carry out the review as soon as possible after the 28 day period for making representations has passed.*
- 10.6** *The purpose of the review will be to determine whether the Licensing Authority should take any action in relation to the licence. If action is justified, the options open to the Licensing Authority are:*
- *Add, remove or amend a licence condition imposed by the Licensing Authority;*
 - *Exclude a default condition imposed by the Secretary of State (e.g. opening hours) or remove or amend such a condition;*
 - *Suspend the premises licence for a period not exceeding three months; and*
 - *Revoke the licence.*

In determining what action, if any, should be taken following a review, the Licensing Authority must have regard to the principles set out in Section 153 of the Act, as well as any relevant representation.

- 10.7** *In particular, the Licensing Authority may also initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.*
- 10.8** *Once the review has been completed, the Licensing Authority must, as soon as possible, notify its decision to:*
- *The licence holder*
 - *The applicant for review (if any)*
 - *The Gambling Commission*
 - *Any person who made a representation*
 - *The Chief Officer of Police or Chief Constable*
 - *Her Majesty's Commissioners for Revenue and Customs.*

11. Appeals

- 11.1 There is a right of appeal both for applicants and those who have made relevant representations or applied for a review. This appeal must be lodged within a period of 21 days from the day on which the applicant was notified by the Licensing Authority of the decision and must be made to Spalding Magistrates' Court.

Part C

Permits / Temporary & Occasional Use Notice

1. **Unlicensed Family Entertainment Centre gaming machine permits (statement of principles on permits – schedule 10 para 7)**

- 1.1 Where a premise does not hold a premises licence but wishes to provide Category D gaming machines, it may apply to the licensing authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).
- 1.2 The Gambling Act 2005 states that a licensing authority may prepare a *statement of principles* that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the commission under section 25. The Gambling Commission's Guidance for local authorities also states: "In their three year licensing statement of principles statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits..., licensing authorities will want to give weight to child protection issues. (24.6)
- 1.3 Guidance also states: "...An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application....Licensing authorities might wish to consider asking applications to demonstrate:
- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs;
 - that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act; and
 - that staff are trained to have a full understanding of the maximum stakes and prizes. (24.7)
- 1.4 It should be noted that a licensing authority cannot attach conditions to this type of permit.

- 1.5 **Statement of Principles** = This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises. This licensing authority will also expect, as per Gambling Commission Guidance, that applicants demonstrate a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes.

2. (Alcohol) Licensed premises gaming machine permits and Notifications - (Schedule 13 paragraph 4(1))

- 2.1 **Notification of 2 or less machines** - There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority however can remove the automatic authorisation in respect of any particular premises if:

- Provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- Gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- The premises are mainly used for gaming; or
- An offence under the Gambling Act has been committed on the premises

- 2.2 **Permits: 3 or more machines** - If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under section 25 of the Gambling Act 2005, and “such matters as they think relevant.” The licensing authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming

machines. Measures which will satisfy the authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets and helpline numbers for organisations such as GamCare.

- 2.3 It is recognised that some alcohol-licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult Gaming Centre premises licence.
- 2.4 It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.
- 2.5 It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

3. Prize Gaming Permits – ~~(Statement of Principles on Permits Schedule 14 paragraph 8 (3))~~

- 3.1 The Gambling Act 2005 states that a licensing authority may “prepare a statement of principles that they propose to apply in exercising their functions under this schedule” which “may, in particular, specify matters that the licensing authority propose to consider in determining the suitability of the applicant for a permit”.
- 3.2 This licensing authority has prepared a Statement of Principles which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:
 - that they understand the limits to stakes and prizes that are set out in Regulations;
 - and that the gaming offered is within the law.
 - ***clear policies that outline steps to be taken to protect children from harm***
- 3.3 In making its decision on an application for this permit the licensing authority does not need to (***but may***) have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:

- The limits on participation fees, as set out in regulations, must be complied with;
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- Participation in the gaming must not entitle the player to take part in any other gambling.

4. Club Gaming and Club Machines Permits

4.1 Members clubs and miners' welfare institutes may apply for a club gaming permit or a club gaming machine permit (Commercial Clubs cannot apply for a Club Gaming Permit). The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set out in regulations. A Club Gaming Machine Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

~~4.2 Gambling Commission guidance states: "Members clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members' club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations."~~

4.3 The Commission Guidance also notes that licensing authorities may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Commission or the police.

4.4 There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission's

Guidance for local authorities states: “Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced.” And “The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.”

- 4.5 There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

5. Temporary Use Notices

~~There are a number of statutory limits as regards temporary use notices. Gambling Commission Guidance is noted that “The meaning of “premises” in part 8 of the Act is discussed in Part 7 of this guidance. As with “premises”, the definition of “a set of premises” will be a question of fact in the particular circumstances of each notice that is given. In the Act “premises” is defined as including “any place”. In considering whether a place falls within the definition of “a set of premises”, licensing authorities will need to look at, amongst other things, the ownership/occupation and control of the premises...This is a new permission and licensing authorities should be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises.”~~

- 5.1 ***Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according to the Gambling Commission, would include hotels, conference centres and sporting venues.***
- 5.2 ***The Licensing Authority can only grant a Temporary Use Notice to a person or company holding a relevant operating licence i.e. a non-remote casino operating licence.***
- 5.3 ***The Secretary of State has the power to determine what form of gambling can be authorised by Temporary Use Notices, and at the time of writing this statement the relevant regulations (SI no 3157: The Gambling Act 2005 (Temporary Use Notices) Regulations 2007) state that Temporary Use Notices can only be used to permit the provision of facilities for equal chance gaming, where***

the gaming is intended to produce a single winner, which in practice means poker tournaments.

5.4 ***There are a number of statutory limits as regards Temporary Use Notices. The meaning of “premises” in Part 8 of the Act is discussed in Part 7 of the Gambling Commission’s Guidance to Licensing Authorities. As with “premises”, the definition of “a set of premises” will be a question of fact in the particular circumstances of each notice that is given. In the Act “premises” is defined as including “any place”. In considering whether a place falls within the definition of a “set of premises” the Licensing Authority needs to look at, amongst other things, the ownership/occupation and control of the premises.***

5.5 ***The Licensing Authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commissions Guidance to Licensing Authorities.***

6. Occasional Use Notices

6.1 The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This licensing authority will though consider the definition of a ‘track’ and whether the applicant is permitted to avail him/herself of the notice.

7. Lotteries

~~7.1 Awaits information from Gambling Commission guidance and will be added when available.~~

7.1 ***The Licensing Authority registers and deals with Small Society Lotteries. Promoting or facilitating a lottery falls within one of the following categories:***

- ***Licensed Lotteries (requiring an Operating Licence from the Gambling Commission);***
- ***Small Society Lotteries (registered with the Licensing Authority); and***
- ***Exempt Lotteries***

7.2 ***Lotteries permitted to be conducted without a licence from the Gambling Commission and these are:***

- ***Small Society Lotteries (registered with the Licensing Authority);***
- ***Incidental Non-Commercial Lotteries;***

- *Private Lotteries: (Private Society Lottery, Work Lottery, Residents' Lottery);*
- *Customer Lotteries*

- 7.3** *Societies may organise lotteries if they are licensed by the Gambling Commission, registered with the Licensing Authority or fall within the exempt category. The Licensing Authority recommends those seeking to run lotteries take their own legal advice on which type of lottery category they fall within. However, guidance notes with regard to all lotteries, limits placed on small society lotteries and information setting out financial limits is available by contacting the Licensing Authority.*
- 7.4** *Applicants for lottery licences must apply to the Licensing Authority in the area where their principal office is located. Where the Licensing Authority believes that the Society's principal office is situated in another area it will inform the Society as soon as possible and where possible, will inform the other Licensing Authority.*
- 7.5** *The Licensing Authority will keep a Public Register of all applications and will provide information to the Gambling Commission on all lotteries registered by the Licensing Authority. As soon as the entry on the Register is completed, the Licensing Authority will notify the applicant of registration.*
- 7.6** *The Licensing Authority will ask applicants to set out the purposes for which the Society is established and will ask the Society to declare that they represent a bona fide non-commercial society and have no relevant convictions. The Licensing Authority may seek further information from the Society and in particular may require a copy of the society's constitution.*
- 7.7** *Where the Licensing Authority intends to refuse registration of a Society, it will give the Society an opportunity to make representations and will inform the Society of the reasons why it is minded to refuse registration and supply evidence on which it has reached that preliminary conclusion.*
- 7.8** *The Licensing Authority may revoke the registered status of a society if it thinks that they would have had to, or would be entitled to, refuse an application for registration if it were being made at that time. However, no revocations will take place unless the Society has been given the opportunity to make representations. The Licensing Authority will inform the society of the reasons why it is minded to revoke the registration and will provide an outline of the evidence on which it has reached that preliminary conclusion.*
- 7.9** *With regards to where Small Society Lottery tickets may be sold, the Licensing Authority applies the following guidance criteria to all Small Society Lotteries it registers:*

- *tickets should not be sold in a street. Street includes any bridge, road, lane, footway, subway, square, court or passage (including passages through enclosed premises such as shopping malls); and*
- *Tickets may be sold from a kiosk, in a shop or door-to-door.*

This approach is consistent with the operating licence conditions imposed by the Gambling Commission upon operators of large lotteries.

8. Review

The statement of principles will remain in existence for a period of three years and will be subject to review and further consultation before October 2012. However, following consultation, the licensing authority may make revisions to it as deemed necessary. ~~The statement must also be reviewed from time to time and any amended parts re-consulted upon. The statement must then be re-published.~~
