

## SOUTH HOLLAND DISTRICT COUNCIL

**Report of:** Matthew Hogan, Executive Manager for Growth

**To:** Governance and Audit Committee, November 26<sup>th</sup> 2020

**Author:** Tara Todd, Programme Delivery Officer

**Subject:** Report concerning strategic risk

**Purpose:** To provide an update to the committee on the progress of the Council's identified strategic risks

### **Recommendation(s):**

- 1) That the panel gives consideration to both the covering report and Appendix A, which details the latest assessment of the council's strategic risks

### **1.0 BACKGROUND**

- 1.1 This covering report and detailed Appendix A seeks to present to Governance and Audit Committee an overview of the key risks that the council is exposed to, the action taking place to mitigate those risks, and an up to date assessment of their likelihood and impact.
- 1.2 By their very nature, strategic risks are those that have been identified as having the potential to cause organisational-wide impact and will often cover a number of key services and departments. Strategic risks are captured within the council's risk management system, which is available to the council's management team and is reviewed on a regular basis.
- 1.3 The report and associated identifies that there are currently 27 recorded strategic risks that the authority is monitoring. These 27 risks are captured, described and scored in a Strategic Risk Register. This register is included in Appendix A for consideration by the Governance and Audit committee.
- 1.4 In terms of methodology, the Council's risk scoring mechanism is based on a 5x5 matrix and is comparable with best practice in other similar organisations. The risk matrix provides a comprehensive assessment and understanding of risk likelihood and impact. The matrix results in a numerical score which combines the impact of the risk occurring with the likelihood of it happening. The rating for individual risks ranges from highest (red) to lowest (green) with categories in between, depending on their rating
- 1.5 The spread of risk across the 27 recorded in the council's latest Strategic Risk Register, following mitigation by services and the council's management team, is as follows;

<b>Risk level</b>	<b>Number of strategic risks by score, post-mitigation</b>
<b>High level (Red)</b>	0
<b>Medium (Amber)</b>	12
<b>Low (Green and Yellow)</b>	18

- 1.6 Overall, the analysis contained within Appendix 1 demonstrates that strategic risks are being proactively managed by the authority, with a series of mitigations in place to reduce and mitigate impact and likelihood across a number of key areas.
- 1.7 Within the strategic risk register included in Appendix A, each risk is ascribed a short narrative which seeks to cover the following
- The risk title
  - A description of what the risk council entail
  - The approach to mitigation
- 1.8 The risk register is presented for consideration by the Committee. Officers will be available at the meeting of the Committee to answer questions on the content of the register.
