Report of: Portfolio Holder for Finance, Commercialisation & Partnerships and/or Deputy Chief Executive - Corporate Development (S151)

To: Governance and Audit Committee Thursday, 13 January 2022

(Author: Jacqueline Mundy Interim Treasury and Investment Manager)

Subject Treasury Management Policy & Treasury Management Strategy Statement, Minimum Revenue Provision Policy Statement and Annual Investment Strategy 2022/23.

Purpose: To provide pre-decision scrutiny to the strategy being proposed.

Recommendation:

- 1) That the Governance and Audit Committee scrutinise the Treasury Management Policy (**Appendix A**) and the Treasury Management Strategy Statement, Minimum Revenue Provision Policy and Annual Investment Strategy 2022/23 (**Appendix B**) and make any comments and suggestions for consideration by Cabinet on 15 February 2022 and Council on 2 March 2022 when they consider these documents as part of the budget report.

1.0 BACKGROUND

- 1.1 The Council is required to operate a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in low risk counterparties or instruments commensurate with the Council's low risk appetite, providing adequate liquidity initially before considering investment return.
- 1.2 The second main function of the treasury management service is the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning, to ensure that the Council can meet its capital spending obligations. This management of longer-term cash may involve arranging long or short-term loans, or using longer-term cash flow surpluses. On occasion, when it is prudent and economic, any debt previously drawn may be restructured to meet Council risk or cost objectives.
- 1.3 CIPFA defines treasury management as:
"The management of the local authority's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."
- 1.4 The Council's treasury function is undertaken by Public Sector Partnership Services Limited (PSPSL) on behalf of the Council.

1.5 The CIPFA 2017 Prudential and Treasury Management Codes require all local authorities to prepare a capital strategy report which will provide the following:

- a high-level long term overview of how capital expenditure, capital financing and treasury management activity contributes to the provision of services
- an overview of how the associated risk is managed
- the implications for future financial sustainability

The aim of this capital strategy is to ensure that all elected members on the full council fully understand the overall long-term policy objectives and resulting capital strategy requirements, governance procedures and risk appetite. The capital strategy is being reported separately.
