**This Report refers to a key element of the Council's Governance Framework and represents an important contribution to the evidence trail in support of the Annual Governance Statement 2022/23.**

## RECOMMENDATIONS

It is recommended that Members of the Governance and Audit Committee receive and review the contents of the report attached at **Appendix `A`**.

## REASONS FOR RECOMMENDATIONS

The CIPFA Code of Practice for Treasury Management suggests that members should be informed of Treasury Management activities at least twice a year. This report therefore ensures this Council is embracing Best Practice in accordance with CIPFA's revised Code of Practice.

## OTHER OPTIONS CONSIDERED

As this is an update report there are no other further options for consideration.

## 1. BACKGROUND

- 1.1 The Council operates a balanced budget, which broadly means cash raised during the year will meet its cash expenditure. Part of the treasury management operations ensure this cash flow is adequately planned, with surplus monies being invested in low risk counterparties, providing adequate liquidity initially before considering optimising investment return.
- 1.2 The second main function of the treasury management service is the funding of the Council's capital programme. The capital programme provides a guide to the borrowing need of the Council, essentially longer term cash flow planning to ensure the Council can meet its capital spending requirements. This management of longer term cash may involve arranging long or short term loans, or using longer term cash flow surpluses, and on occasion, any existing debt may be restructured to meet Council risk or cost objectives.
- 1.3 Accordingly treasury management is defined as:  
  
"The management of the local authority's borrowing, investments and cash flows, including its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
- 1.4 The risks around investments have always been managed effectively by the Council.

## 2. REPORT

- 2.1 This report provides the 2022/23 Quarter 3 update on the Council's "Treasury Management Strategy Statement and Annual Investment Strategy" (**Appendix A**).
- 2.2 The Chartered Institute of Public Finance and Accountancy (CIPFA) issued the revised Code of Practice for Treasury Management in 2021.

- 2.3** The Code suggests that members should be informed of Treasury Management activities at least twice a year. This report therefore ensures this Council is embracing best practice in accordance with CIPFA's revised Code of Practice.
- 2.4** The Council's 2022/23 budget for investment income is £294k (split £281k GF and £13k HRA). At the end of December 2022 investment income earned was estimated to be approximately £767k (split £540k GF and £228k HRA), which was £546k above the profiled budget on a straight line basis (split £328k GF and £218k HRA).
- 2.5** The average level of funds available for investment purposes during the first three quarters of the financial year was £52.8m including the loans to Welland Homes which are classified as long-term debtors.
- 2.6** Treasury investments achieved an average rate of 1.807% compared to the benchmark average 3-month Sterling Overnight Index Average (SONIA) rate of 2.284%.
- 2.7** The Welland Homes loans were issued at a rate of 3.50%.
- 2.8** The combined rate achieved on all investments is estimated to be approximately 1.927%.
- 2.9** The outturn for investment income for 2022/23 is forecast to be £1.2m split £825k GF and £375k HRA. This will be monitored on a monthly basis to reflect changing market conditions.
- 2.10** The projected outturn for borrowing costs for 2022/23 is £2.35m which is in line with the budget.
- 2.11** The Council's Investment Policy and Strategy is kept under constant review with the aim of balancing risk and reward. The investment criteria agreed for 2022/23 permitted investments with banks whose parent bank originates from a country with a sovereign rating of A+ or higher and meets Link Groups counterparty investment criteria.

## **5.6 FINANCIAL**
