SUMMARY

This report brings forward a revised Travel and Expenses Policy for Officers of the Council, as attached at Appendix A.

Following the introduction of additional means of supporting colleagues to access a vehicle to carry out their work duties, the updated Policy removes the application of the Essential Car User allowance from the Policy.

RECOMMENDATIONS

1. That Policy Development Panel considers the proposed policy change and provides feedback.

REASONS FOR RECOMMENDATIONS

To provide a scrutiny viewpoint on the proposed policy amendment.

OTHER OPTIONS CONSIDERED

Not to seek scrutiny input – discounted as scrutiny is a key mechanism to shape policy.

1. REPORT

- 1.1** This report proposes a revised Travel and Expenses Policy for the Council's workforce. The revised Policy is attached at Appendix A.
- 1.2** The principal amendment to the policy is the removal of the Essential Car User Allowance, which is currently paid to 107 employees of the Council.
- 1.3** In recent years, the Council has introduced several mechanisms to support officers in accessing a vehicle to undertake their duties – this includes low interest loans and a Salary Sacrifice Car Scheme.
- 1.4** As a result of 1.3 - and following the annual review of this element of the Travel and Expenses Policy – it is proposed to amend the Policy to remove the provision for the Essential Car User Allowance to be applied to all roles going forward.
- 1.5** Those receiving the allowances under this policy receive between £80 and £275 a month at a total annual cost of £91,049 a year.
- 1.6** At present some Officers have a contractual commitment from the Council to receive the allowance, some receive it due to the mileage threshold they are meeting, and some receive it as it has moved with them as they have moved roles.
- 1.7** As a fair means of implementing the Policy revision, the following approach would be taken:
- no more Essential Car User Allowances will be applied when roles are advertised.
 - those in receipt of allowances at present will continue to receive their allowances* but will not keep their allowances if they change roles.
- *unless there is a clear rationale and contractual basis to consider this sooner.*
- 1.8** Over time, the Council will reach a position where no Officers will receive an allowance. Until that point, the reduced mileage rate for Essential Car Users, set out in 1.9, would remain applicable to those officers in receipt of the allowance.
- 1.9** Those who are not in receipt of an Essential Car User Allowance are able to claim an enhanced mileage rate, as set out in the table below:

Type	451 – 999 cc	Over 999 cc
Casual User (up to 8,500 miles)	46.9p	52.2p
Casual User (over 8,500)	13.7p	14.4p
Essential User Casual User (up to 8,500 miles)	36.9p	40.9p
Essential User Casual User (over 8,500 miles)	13.7p	14.4p

- 1.10** Whilst this report isn't driven by finance, the Council will realise a saving in Essential Car User Allowances through the revised policy approach. The saving value or timescale can't be estimated as the saving will be realised as recipients of the allowance change roles /

leave the Council.

1.11 SHDC's partner Councils, BBC and ELDC, don't offer Essential Car User Allowances as part of their standard Terms and Conditions of employment.
