Hi Rebeka

I have looked at the PSPO map and these premises are not actually within the red line and shaded area of the PSPO. They are actually outside the area?

Attached is a copy of the PSPO map with the premises roughly marked in green.

I think given this fact I invite you to reconsider your representation on the basis that, as previously discussed, my client is willing to have the following 4 condition added to the application.

- **There shall be no sales of single cans, or single bottles, of beer, lager and cider.**
- **A minimum sale of 4 items will be required unless the volume is more than 670ml per item.**
- **No member of staff shall be able to work at the premises unless they have provided satisfactory proof of identification and right to work. In any case where an electronic right to work check has not been performed, the reason why the check has not been done electronically is to be documented in writing and this record is to be retained and made available upon request to the authorities for a period of not less than 12 months.**
- **No beer, lager or cider with an ABV above 6.5% may be sold.**

Kind regards

*Michael*
